Ring of Kerry

Ring of Kerry

Ring of Kerry Ireland

Rolling green hills and sparkling lakes. Sheep bleating and cows grazing in patchwork fields. Pristine golden strands giving way to jaw-dropping cliffs. This treasure trove in the southwest coast of Ireland really has it all, which is why people come from far and wide to see the Ring of Kerry.

This scene-stealing route around the Iveragh Peninsula, beginning and ending in Killarney, takes in all the big hitters – Moll's Gap, Torc Waterfall and the Gap of Dunloe are winners – but really, the route itself is so much more than the sum of its parts. Within this 179km of road, you'll find that each turn brings a new treat to the eye, from lakes, rivers and waterfalls, to grand houses and castles. If you're feeling adventurous, the Ring of Kerry cycling route is one of Ireland's most famous, and there is really nothing like breathing in the fresh Kerry air as you drink up the incredible views around you.

This part of County Kerry is known for its pristine stretches of white, sandy beaches. Derrynane, Rossbeigh and St Finian's Bay are some of the most stunning, each strand a beautiful border between the glinting ocean and mountains of the Iveragh Peninsula.

There's a story behind the stunning "Ladies View" at the Lakes of Killarney – when Queen Victoria visited the Ring of Kerry in 1861, this spot was a favourite of her ladies-in-waiting. And the grandeur doesn't stop at the scenery: sleeping on the edges of the world-famous lakes sits Muckross House & Gardens. This 19th century mansion, along with its lush gardens, became Ireland's first National Park in 1932. Inside is luxury on another level, and upstairs you can even enter the perfectly preserved room that housed Queen Victoria during her famous stay!

Cliffs of Moher Visitor Centre

Cliffs of Moher

Cliffs of Moher - Visitor Center, Liscannor V95 KN9T, Ireland

One of Ireland's favourite visitor experiences, the Cliffs of Moher tower over the rugged west Clare coast. Walk the safe, paved pathways and view the famous Cliffs on Europe's western frontier and enjoy the spectacular vistas over the Atlantic Ocean and the Aran Islands. Their natural beauty has inspired artists, musicians, and poets for generations, as well as absorbing scientists and geologists, drawn by the unique landscape in which they sit. The Cliffs of Moher, the most famous cliffs in Ireland, will leave you awestruck, creating memories that will stay with you forever.

The Visitor Centre, itself sculpted from the landscape, hosts informative and entertaining permanent exhibits in its extensive gallery space and auditorium.

Visit the on-site theatre and experience an exhilarating virtual-reality cliff-face adventure.

The Cliffs of Moher has featured in classic movies like *The Princess Bride* and *Harry Potter and the Half-Blood Prince*.

The Cliffs of Moher was a 'tourist attraction' before that phrase was even heard of. In the early 19th century, the then landowner, Cornelius O'Brien, parliamentarian, and proud Clare man, built O'Brien's Tower so that the expansive cliff views across the Atlantic Ocean from Liscannor Bay to Galway Bay could be fully appreciated. This paved the way for today's centre to be the top visitor attraction in Ireland and on the Wild Atlantic Way.

It is now part of the Burren and Cliffs of Moher UNESCO Global Geopark supporting sustainable tourism and has been a special protected area for birds and wildlife since 1979, home to 35 different species of birds. Cliffs of Moher Visitor Experience is a proud member of the Burren Ecotourism Network. See for yourself what has drawn people for over two centuries, it will stir your senses and fill your soul.

Admission includes access to all areas, secure car parking, wi-fi, access to the interactive Cliffs exhibition and water refill stations. In addition, there are two cafes, a craft & gift store and a craft and retail street on the left as you walk out of visitor centre, toilets, first aid centre, information points, baggage storage, free app and audio guide. Binoculars and picnic blankets available on request and "lifts of Moher" mobility vehicle. Admission price contributes to conservation of the area.

The Sky Road in Clifden is one of the most picturesque areas in the Connemara region. The circular route is 16km long and takes you out west from Clifden, onto the Kingstown peninsula, and back into Clifden via the N59. The peninsula is also a part of the Wild Atlantic Way driving route. Simply put, the scenery along the Sky Road is stunning. Very few places in Ireland can match the rugged beauty and range of scenery that can be seen from the Sky Road. The route is well signposted from Clifden town and is easy to find. As you travel away from Clifden, you are going up-hill on the Sky Road. Not long after you see the Castle Gates, the road will separate into the lower and upper roads. The lower road goes downhill towards the sea and will give you a very close up view of the landscape, but the upper road is most popular because of the views it offers over the entire area. Here you will find unbeatable views of the Connemara countryside, the Atlantic Ocean, The Islands, and the coastline of Co. Mayo to the North, and Co. Clare to the south. There is a car park and viewing area at the highest point with plenty of room to park and take pictures. This is an area of unique natural beauty and we highly recommend that visitors to the area should experience it.

With her eye for colours, Siobhan looks after the craft shop choosing Irish made knitwear, and crafts. You will find a difference here at Ti Linn craft shop. As members of Good Food Ireland Paddy and Siobhan keep high standards serving local sourced food at reasonable prices.
